ATTENDANCE

It is the belief of the Highline Public Schools that students realize greater benefits from their classes when they attend regularly. The district desires to meet the requirements of Washington State law (WAC 180-40) by developing attendance procedures that encourage students to attend regularly and participate in their classes.

Effect of Non-Attendance: Teachers will maintain a daily attendance record on each student and report all absences to the building attendance office. The teacher shall keep students informed as to how absences may be affecting their progress, and counsel those individuals who appear to be developing poor attendance habits. It will be the responsibility of each teacher to communicate the effect of non-participation to all students. Students shall have the responsibility to inform parents/guardians of the requirements. In addition, it will be the responsibility of each teacher to post the requirements in the classroom by the fifth day of the beginning of the semester.

Absence Notification: The school will attempt to notify parents/guardian of each student's absence on a daily basis. The first time a student reaches a sixth absence in one or more of her/his courses, the school will send the parents/guardian a written summary of the student's attendance record in all of their courses. This summary will indicate the total number of excused, unexcused, trancies, and school related/caused absences.

Excused Absences: An absence from school or class shall be excused only with permission of parent, guardian, and school administrator. Parents or guardians must send a written note as required by state law whenever a student has been absent. This note must be received by the school within 24 hours after the student's return to school.

Unexcused Absences (Truancy): An absence from school or class without the permission of the parents, guardians, or school administrator.

The school will take one or more of the following actions as a result of an unexcused absence (truancy).

- | | |
|---|---|
| A. Telephone/written notification to parent/guardian. | E. Provide appropriate vocational work or work experience. |
| B. Conference scheduled with parent/guardian. | F. Refer to community truancy board. |
| C. Loss of credit for work missed during the unexcused absence (truancy). | G. Assist student/parent to obtain supplementary services that might eliminate or ameliorate the causes for absences. |
| C. Adjust school program or course assignment. | H. Remedial action. |
| D. Provide more individualized or remedial instruction. | I. Disciplinary action. |

After 20 consecutive absences, a student will be withdrawn from school.

Special Circumstances:

- A. **Approved Prearranged Absence:** A pre-arranged absence request must be submitted to the school office by the parent/guardian in advance of the absence except in the case of an emergency. If such a request is granted, it is to be understood that a prearranged absence may have an adverse effect on a student's course grade since, the absence may negatively impact the student's attainment of a courses objectives.
- B. **Suspensions:** Absences initiated by the school for disciplinary action will not be counted as accumulated absences under these provisions.
- C. **Verifiable Medical Absence:** In order for an absence to be classified as a medical absence it must be verified in writing by an appropriate medical person. Serious illness or medical conditions requiring extended hospitalization or stay at home will be examined on a case by case basis. The principal or designee shall make the determination as to what special arrangements should be made after consulting with the student's teachers, counselor, and parents/guardian.

Tardy: The term "tardy" shall be defined as being late to school, class or an activity, with or without permission of parents/guardian or school personnel. The teacher shall work with those students who are developing a pattern of being tardy. The teacher shall refer to a school administrator those students who in the teacher's judgment are not making progress towards correcting the problem. The administrator may select the appropriate action including, but

not limited to the following options: in-school suspension, school service, parent contact, student/parent or guardian conference, or loss of credit. A tardy that exceeds ten minutes will be recorded as an unexcused absence.

Make-Up Work: It is the responsibility of the student to request make-up work from his/her teachers. Requests must be made within two days after the student returns to school. Teachers are responsible to provide the work and/or to make arrangements for tests or quizzes within the limits as outlined above. Teachers may provide alternate assignments, tests, etc., that are of equal value to the work that the student missed.

Washington's Becca Bill

The Becca Bill requires that the school file truancy petitions with the court if a student has a certain number of absences. The following is a summary of the law:

One (1) or Two (2) Unexcused Absences

After a single unexcused absence, the school will contact the parents by phone and/or letter. After a second unexcused absence, the school will attempt to schedule a conference with the parent and student to discuss possible solutions to the truancy problem.

Five (5) Unexcused Absences

If a student has five (5) unexcused absences in any one month, the school may file a petition with the court, enter into a written truancy agreement with the student and parent or guardian, and/or take other reasonable action.

Seven (7) and Ten (10) Unexcused Absences

The school is required by the law to file a petition in court against the student, parent, or both when a student has seven (7) unexcused absences in any one month or ten (10) in a year.

The court can impose a number of different sanctions in response to a petition from the school. A chronically absent student could be found in contempt of court, sentenced to community service, compulsorily enrolled in an alternative education program, and/or incarcerated in a juvenile detention facility. Additionally, parents may be found in contempt of court and fined each day that the student is absent.

Breakfast and Lunch

Our breakfast and lunch procedure is computerized. Each student will have an identification number, which will be used as his or her lunch card. There is no lunch charging. A student must have money in their lunch account or cash in order to purchase lunch. Deposits to lunch accounts may be made to the bookkeeper. Free and reduced lunch applications are available in the Main Office and must be properly completed, signed and returned. Students are required to pick up trays and keep the cafeteria clean. Failure to do so will result in disciplinary action.

Bus Procedures

It is the responsibility of the Highline School District to pick up and deliver students to their designated bus stop. Students may leave the bus only at their regularly designated stop unless they present special authorization to the driver signed by building administration. Violation of bus rules may result in temporary or permanent removal of bus privileges. **All school rules apply at bus stops** (WAC 180.40.230).

Closed Campus

All schools in the Highline School District have a closed campus requiring all students to remain on school grounds from the time of arrival until officially dismissed. Individual high school principals, with superintendent's approval, may specify under what conditions students may be granted permission to leave school grounds in order to have off-campus lunch. At Mount Rainier only seniors and juniors in good credit standing will be given permission to leave campus at lunch. The network is provided for students to conduct research, complete classroom tasks, and communicate with others. Failure to comply with district and school rules may result in loss of network access and disciplinary action by administration.

Emergency Bulletin

Fire and earthquake drills are required by law. They will be held at regular intervals. Lock down drills will be conducted as well. They are important and should be approached seriously. Students are expected to maintain classroom conduct throughout the entire drill and to become informed of the exit route for each of their classrooms.

Hall Passes

All students not in a classroom and/or accompanied by a staff member during scheduled class time must have a valid pass. Students without passes may be escorted by staff back to their scheduled classroom to obtain a valid pass and/or may face discipline related to truancy. Hall passes will not be issued during the first and last ten (10) minutes of class.

Handbook Changes

Changes in the student handbook may be made during the school year by the school staff. Such changes will be announced via the daily bulletin. The electronic version available via the school's website will be considered the official handbook.

Homework

Upon return from an excused absence, students are expected to contact each teacher for assignments or missed tests. Students who are absent more than three school days can coordinate with the counseling center for homework pickup. Teachers are not required to provide students who are truant the opportunity to make up work.

Immunizations

In order to protect children against a number of childhood diseases, Washington Law (RCW 28A.210.060) requires that all children admitted to public and nonpublic schools be immunized against diphtheria, tetanus, pertussis, polio, measles, rubella, mumps, and Hepatitis B, as appropriate. Students may be excluded if they do not meet the requirements of this law.

Library Resource Center

The purpose of the MRHS Library is to provide students and staff with access to ideas and information. The library program supports the mission, goals, and objectives of the school and is fully integrated into the curriculum. Library staff members encourage and engage students in reading and research for both understanding and enjoyment. We strive to provide books, materials and Internet access to support classroom needs as well as the needs and interests of every student.

- A library pass is used for student entry during class times.
- No personal electronic devices (including cell phones) are permitted in the library.
- No food or drinks are allowed in the library. Bottled water is permitted as long as it is kept away from tables and computers.

Lockers

Lockers and locks are available to students upon request. Students must keep the lockers clean and secured with the school-supplied lock (locks are not to be brought from home). Students are liable for any cost of cleaning and/or repairs. If a locker does not operate correctly, please notify the attendance office. School personnel will retain a master key for all lockers. Combinations will not be changed during the school year.

The school accepts no responsibility for lost or stolen items. It is highly recommended that students do not store money, purses, or other valuable items in lockers – the security of all locker contents are the sole responsibility of the student. Lockers are school property and may be inspected periodically as a general inspection of school property. Lockers can also be searched when there is reasonable suspicion of inappropriate contents (RCW 28A.600.220). The privilege of using lockers may be revoked at any time.

Loitering

Loitering is not allowed in any hallway or on campus at any time. Students are expected to promptly leave campus after the last class unless attending a school activity. Students may not return to campus for any reason outside of their scheduled school day including using the activity bus.

Medication

Every effort should be made to schedule the administration of medication outside of school hours. If this is not possible, it must be understood by the parent(s) and/or guardian(s) that the medication be administered by the school nurse, or by the teacher, principal, health assistant or secretary in the absence of the school nurse. All prescription and non-prescription medication will be kept in a locked cabinet. Exceptions must have a doctor's note and be cleared through the school nurse. Medication must be properly labeled with the student's name, name of medication, dosage, and time to be administered.

Off-Campus Lunch

Only juniors and seniors in good standing are allowed to leave campus during lunch with an off-campus pass and parent permission. Any student who drives an ineligible student off campus will be subject to discipline including short-term suspension. Doing so will also lead to the possible loss of the off-campus privilege. Students are not to sit in their cars during the school day.

Student Parking

Students are required to register their vehicle to be allowed to park on campus. Unregistered vehicles will be issued tickets and repeated offenses may result in detention or suspension. Reckless driving and other unsafe activities may result in suspension and loss of parking privileges.

School Property

All students are expected to respect and care for all property of the school including building facilities and all items checked out to student (i.e. Textbooks, equipment). Any student losing, damaging, or defacing school property will be required to pay for the loss or damage. Police may be contacted. Student grades, transcripts, and diplomas will be withheld until all costs from loss or damages have been paid.

Student Property

Students should not bring any items of value to school. The School District assumes no responsibility for loss to student's personal property. Any item that could create a disruption to the educational process may be confiscated.

Tips to minimize risk of stolen property:

- Do not bring items of value to school
- Do not lend valuable items to friends or acquaintances
- Do not leave valuable items unattended – including in your vehicle
- Save all receipts
- Record the make, model number, and serial number of any items of value
- Make identifiable markings on your item so it can be easily recognized, such as engraving a driver's license number.
- If possible, password protect electronic devices.

Students Leaving Campus during the School Day

Students must check out through the attendance office before leaving school grounds. A note from the parent/guardian or phone approval is required before the student leaves the school. Students who leave without signing out will be subject to disciplinary action and the absence will be marked as truancy.

Visitors

Visitors are not allowed unless there is an educational value to the visitor(s) or the school. Visitors must meet with the principal designee for prior approval. Generally speaking, no school-aged visitors are allowed. All visitors to the school must check in at the main office and receive appropriate identification.

STUDENT CONDUCT

All students come to school wanting to learn, to be challenged, and to be successful. When mistakes happen we will intervene to redirect student behavior and to ensure that learning continues, and we will also use mistakes as opportunities to learn and grow together as a community.

Highline Public Schools has adopted 'Positive Behavior Interventions and Supports' (PBIS) as a model to help guide our behavior and our interventions. PBIS is a framework used to support the social and behavior competence of all students in a school. Within PBIS, there is a continuum of intervention levels that can address the needs of all students. Policy 3235 lays out our PBIS model, and each school is expected to have a PBIS plan and an identified coordinator. The PBIS model helps schools identify the interventions and supports that will help students stay in school and be successful, and schools are implementing these plans as we reach our zero out-of-school suspension goal. School-based interventions will be supported by the district through professional development, assistance in developing intervention plans, and other support as necessary.

It is important for students to recognize that student conduct impacts the learning and working environment for the whole school. As a general rule, no student will receive a short-term or long-term suspension unless the student's conduct poses a safety risk or the school believes that previous interventions have not been successful. The conduct listed below does not meet Highline Public Schools' expectations for our students, and warrant interventions when such behavior occurs on school grounds, on a school trip, or on school transportation.

Definitions

- *Alternative to Suspension:* Responses to student behavior that help direct or redirect the student without resorting to suspension.
- *Discipline:* All forms of corrective action other than suspension or expulsion. It shall include, but not be limited to, the removal of a student from a class or activity by a teacher or administrator for not longer than the balance of the immediate class or activity. All discipline must be documented.
- *Emergency Expulsion:* The immediate denial of the right of school attendance because the student is either an immediate and continuing danger to himself, other students, or school personnel, or poses a threat of substantial disruption of the educational process. An emergency expulsion must be converted to another form of discipline (usually short- or long-term suspension) within 10 days.
- *Expulsion:* The denial of attendance at any single class, or any full schedule of classes, or any other activity conducted on or by the school district for an *indefinite* period of time.
- *In-School Suspension (ISS):* Disciplinary action that may be used in schools, in which students continue their classwork at school but not necessarily in their regular classroom
- *Intervention:* Interventions are responses designed to modify or correct student actions or conduct while keeping the student in school and learning. The continuum of interventions can range from a quick check in at the start of the day to stronger actions such as providing a student with an in-school suspension. Interventions should be documented to ensure that trends can be tracked and successful interventions can be transferred to other schools.
- *School Business Day:* Any calendar day, exclusive of Saturdays and Sundays, and any federal or school holidays, upon which the office of the superintendent is open to the public for the conducting of business.
- *Suspension:* The denial of the right of attendance at any single class, or any full schedule of classes, or at any other activity conducted on or by the school district for a *finite* period of time.
- *Long-term Suspension:* A suspension that exceeds 10 consecutive school days. *Short-term Suspension:* A suspension for all or any portion of a school day up to but not exceeding 10 consecutive school days.
